Product Summary

Corgi Vanguard's 1/43 Audi Quattro Swedish Rally 1981. New.

Product Description

Corgi Vanguard's 1/43 Audi Quattro Swedish Rally 1981. New.

The Audi quattro made its international rally debut at the 1981 Monte Carlo Rally and was astonishingly rapid. However, the event proved Audi had a great deal to learn about both their complex 4x4 super-car and the logistics of running a team as neither car finished. Audi sent a single entry to the next round, in Sweden, for Hannu Mikkola and Arne Hertz. Rivals banked on a repeat of their troubles but

instead rallying witnessed the dawn of a new era as the quattro set 15 fastest times on the way to an emphatic victory.
